The blazer

What Time Is It?

It's September, 1948, and the class of June '52 joins the Redford student body. Along with hours for Algebra (1) and World History (1), freshmen programs provide time to adjust to high school.

Now it's September, 1949, and the experienced sophomores hurry back to classes. This year they set aside extra time for reserve sports, club meetings, and cokes at the Mill.

Once September, 1950, arrives, ambitious juniors cram their after school time with club meetings, varsity sports, and of course, homework. Week-ends are for school dances and parties.

Then, it's September, 1951. Come February and committee meetings, class elections, and the Mackinac trip occupy the busy seniors' time. There's also time for Economics, Comp. (4), and planning for the future.

What time is it?

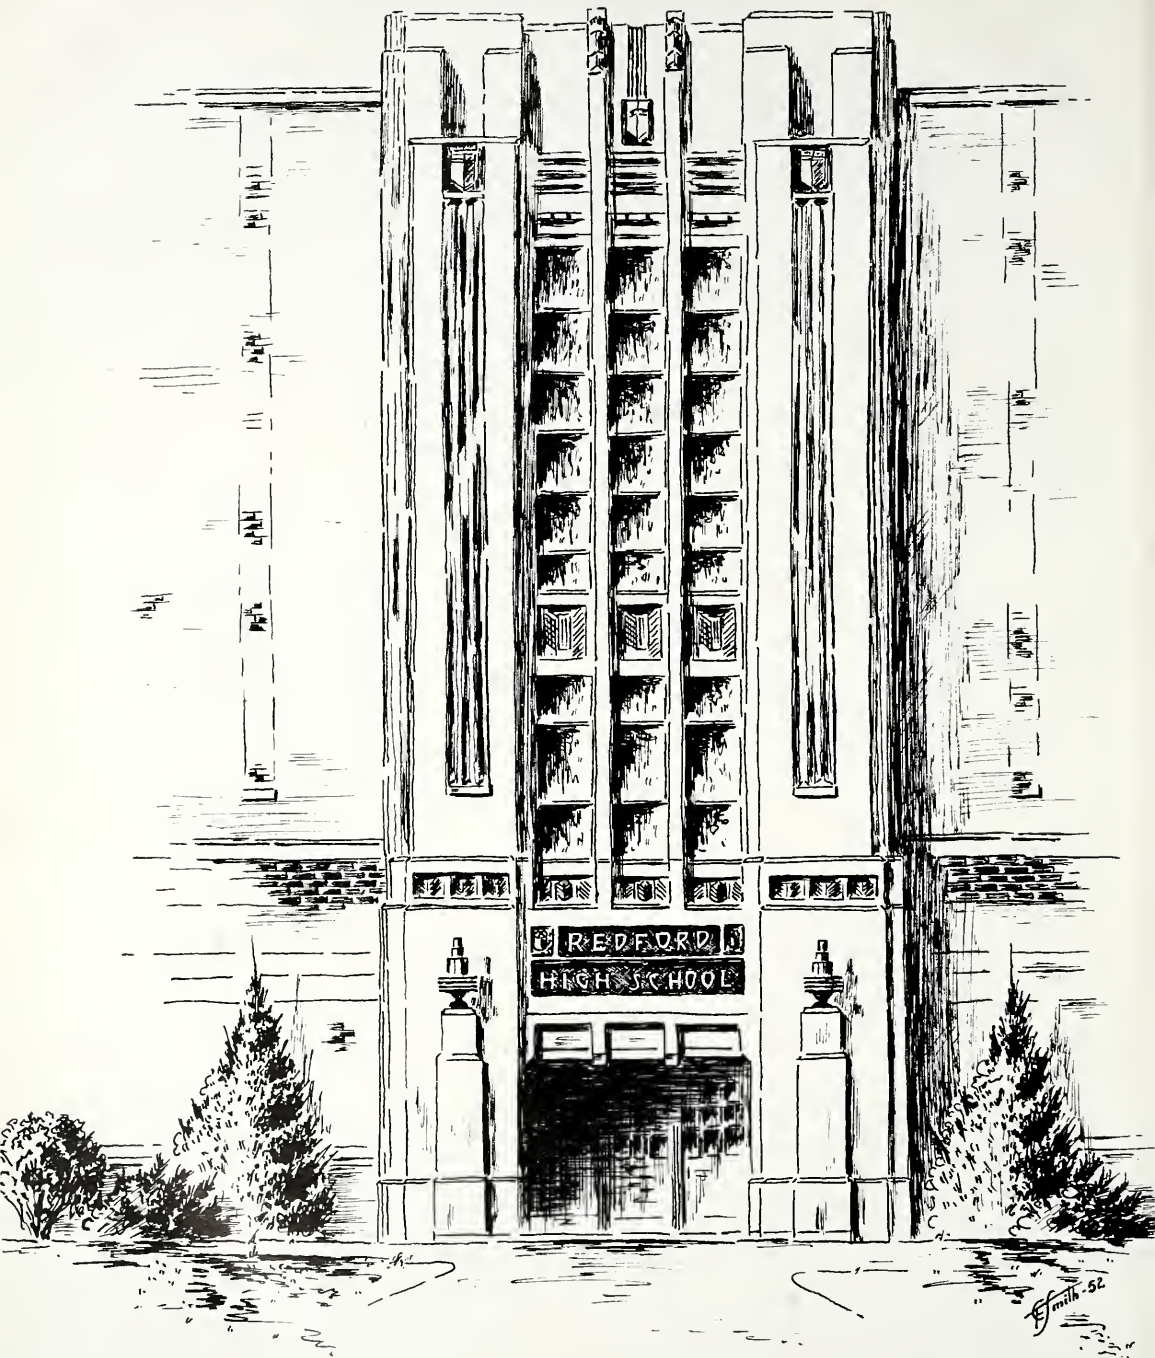

It's June, 1952. A wonderful, serious, long awaited time when memories of past fun, work, and problems come crowding back on graduation day.

More important, it's time for graduates to face new problems in new fields, enriched by the broad education Redford has given them.

THE BLAZER

HOMER A. CLARK

Principal

Dear Seniors:

In a few days now you will be leaving Redford. Although you have achieved this goal and made your dreams come true you will immediately be faced with new fields of endeavor. For some of you, it will mean increased educational training in college, for others it will mean getting started in the business world, and for still others marriage and starting homes of your own. For some there may be a period of military service that will precede your entering into any of these fields of endeavor. Whatever the path that lies ahead of you, we, who have participated in this training period, hope that Redford's contribution will stand you in good stead in meeting the problems of life. The formal courses of study have been designed to give you acquaintance with our country and the physical world about you. The many opportunities you have had to participate in extra-curricular activities along with the formal courses of study have given you an insight in how to get along with other people in a democratic fashion, — and that's important too. We hope that the sum total of these experiences, both curricular and extra-curricular, have prepared you to become good citizens.

Be sure to keep this fine annual. In years to come it will help you to recall some of the happiest, most carefree years of your life.

Sincerely your friend,

Homer A. Clark

Senior Class Officers

INTRAMURAL

Competition, good sportsmanship, and athletic development keynote the Redford intramural program for girls. Redford intramural sports have a two-fold value. They provide girl students with an outlet for their athletic interests. In addition, they help to develop in participants attributes of leadership, good sportsmanship, and group adjustment.

This program includes swimming, baseball, volleyball, basketball, field hockey, and tennis. They are organized on an inter-health class, inter-study hall basis.

The intramural athletic program is designed to allow maximum opportunities for participation in competitive sports. During the past year approximately one hundred fifty girls have taken part in the program.

Intramural sports activities are student organized. Members of the Girls' Athletic Association and the Girls' Aquatic Club are in charge of planning and directing sporting events.

Club members organize and coach teams, referee, and are officials for all activities. Such projects provide an interesting club program. They also familiarize students who are interested in a career in health education the with the duties of health teachers.

To learn and to have fun while doing . . . those are the aims of a Redford coed intramuralist.

Redford - Cooley

Lucille Weaver
Coach

Smith - Faunce

Jewell

Faber

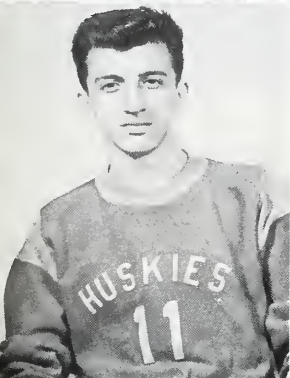

Netzer - Miller

Ken Nuznoff, a third string All-City selection, dropped in 114 points to lead the Huskies in scoring despite the handicap of a broken nose that he received in midseason.

Captain George Smith led the Red and Grey on the court with his superior playmaking. He proved his mettle by sinking 80 points. "Smitty" will lead the team again next year.

John Pappas, "Johnny on the spot" when reinforcements were needed, took to the floor with a well oiled precision that was a boon to the team and a pleasure to watch.

Archie
A cinch in a pinch

Bernie Bogdon, a promising sophomore, played the whole season with the first stringers. He gained valuable experience for what looks to be a brilliant Husky basketball career.

Bob McGuire, all-round man for the first stringers, very adequately played at each position during the season. Bob aptly set up many a play for his mates and knocked off 13 points for himself.

Despite excellent coaching on his part, "Hoj" had a disappointing season due to bad luck, a lack of team finesse, and players quitting the winless squad.

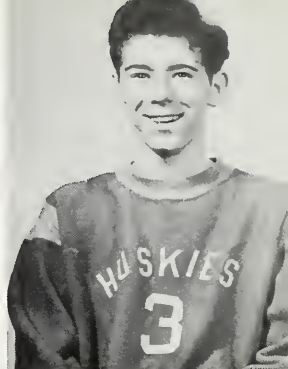

B A S K E T

Dave Hunt, key man in Redford's plays, constantly fed the ball to teammates and controlled the backboards, yet the big center found time to tip in 55 points.

Plucky Don Milazzo, a great team player came to life in the last game. With deadly accuracy he put away 14 points worth of long shots in only two periods.

Two more for "Sam"

"Arch" Matsos, a junior, packed in 32 well deserved points in spite of adverse luck. He was noted for his spectacular shots and dazzling playmaking.

Junior, Doug Gembis, played the last six games for the varsity and proved his worth by his fine team play and with a few timely shots.

T B A L L

Pete Schoenberg fired the team both in practice and on the court with his effervescent spirit.

Bill Streng, a flashy young junior, was brought up from the reserve squad for the last four games to bolster the varsity team.

Reserve Basketball

The reserve basketball team, coached by Mr. Silverberg, shows great promise for next year.

Since reserve play at Redford is considered a learning process, every boy had a chance to play.

Harvey Wilson, the team's top scorer, led the junior varsity in their single victory.

ROW 1: Bob Kerr—Manager, Al Noren, Bill Comai, Tom Berger, Harvey Wilson, Frank Knox, Rich Crawford, Danny Dinoff. ROW 2: Don Gascon, Bill Micus, Don Luster, Coach Silverberg, Bill Hershey, John Finlayson

The Redford Parents Club's second year of existence has been a busy and beneficial one for both parents and students. The club's program has familiarized Redfordites and their families with many opportunities in and outside of school. It has also provided an adequate student social program.

Prospective students and parents learned about school requirements, activities, and counseling programs from Redford counselors at one club meeting. Family Living Night familiarized parents with the purpose and activities of Redford's family living course.

The Parents Club also sponsored Career Night as a supplement to the College Night held last term.

Members of the student body will remember the many club sponsored school dances held this term. Notable among these were Friday night drop-ins and the semi-annual J Hop.

Redford's Parents Club can look back on a successful term program while they plan for future service to the school.

Parents Club

THE BLAZER

93 Ounces of Progress

No one could ever call a typical 1880 telephone operator light-headed. Especially when she had her headset on—all six pounds six ounces of it.

That 1880 headset, though, was a good piece of equipment—the best of its day. But with its box-like transmitter and leather harness, it couldn't, by any stretch of the imagination, be called comfortable.

Today, of course, it's a different story. The telephone operator now wears a streamlined headset that weighs only nine ounces—93 ounces less than the 1880 model. It fits her like a new spring bonnet and makes her job as the "Voice with a Smile" easier than ever before.

And speaking of jobs, if you're graduating this year, and are looking for an interesting, important job, Michigan Bell may have one for you. Why not drop in soon for an interview?

Adventure

*Round the next corner and in the next street
Adventure lies in wait for you.
Oh! who can tell what you may meet
Round the next corner and in the next street?
Could life be anything but sweet
When all is hazardous and new
Round the next corner and in the next street?
Adventure lies in wait for you.*

—E. F. A. Seach

We sincerely hope all your adventures will be wholly pleasant.

If you were to ask those who graduated, one, five, ten or fifteen years or more ago, we rather think they would tell you that both your adventures and your ventures will be more pleasant and more profitable when you have a bank account.

You will never be sorry if you save. It is never too early or too late to start a bank account with us—but for you the sooner, of course, the better.

"OPPORTUNITIES FOR WOMEN IN BUSINESS"

Dr. Carl H. Seehoffer, C.P.A.

Every graduate should read the article by the Dean of the Accounting Department of the DETROIT BUSINESS UNIVERSITY — a Certified Public Accountant, business educator, and vocational advisor — with years of experience. Call WOodward 1-1205 and a copy will be mailed to you free.

Regular courses broad enough to develop a "trained business sense," Executive Secretarial, Higher Accountancy, and Business Administration.

We teach Gregg Shorthand.

We do not offer abbreviated longhand systems under extravagant claims as a substitute for shorthand. Stenograph machine for court reporting.

There Is An Urgent Need *for* Trained Accountants

For more than thirty years, the study of Accountancy and Financial Administration at Walsh Institute has proven to be a direct road to a variety of responsible accounting positions. The urgent demand for Walsh Graduates in private accounting, in govern-

mental accounting (civil service), and in the employ of firms of Certified Public Accountants assures graduates a bright future. Certified public accountants and attorneys-at-law teach. Registration for Fall classes in day or evening school will begin August 1, 1952.

O. K. HUDSON SALES, INC.

Grand River Avenue at Seven Mile Road
Detroit 19, Michigan

MANY GOOD POSITIONS

Thousands of additional stenographers, typists, accountants, and other office assistants are needed in connection with the growing defense program.

You can prepare for a good position by completing one of these practical business courses: Gregg Shorthand, Stenograph, Secretarial, Junior and Higher Accounting, Speedwriting, Comptometer-Calculator, and Typewriting.

More than 105,000 students have received instruction in the day and evening classes of The Business Institute.

Those interested are cordially invited to investigate the school's quarters, courses, equipment, and free employment service.

THE BUSINESS INSTITUTE

Entire 11th Floor Michigan Theatre Building

(220 Bagley Avenue, Detroit 26)

Also at 7 West Lawrence Street, Pontiac 15

(The Business Institute is incorporated under the Educational Acts of the State of Michigan as a "Class A College, empowered to grant degrees.")

Visit the school, or telephone WOODWARD 2-6534 for bulletin and free booklet, "Planning Your Future."

Best Wishes to Redford Graduates
